

Verification Checklist

Use the image your teacher presents for this activity to answer the questions below. Please review each item in the Verification Checklist below and write your answers to each question. Consider what online or offline tools you could use, who you could talk to, and what clues in the photo can help you answer each question.

- 1** **ORIGIN:**
Find the original version of this image and identify where you found it.

Identifying the origin of the image may prove difficult to students as they have not yet learned how to conduct a reverse image search. If students have difficulty, direct them by suggesting they try and find the oldest version of the image.

A professional journalist might contact the photographer to confirm whether this image is the original version.
- 2** **SOURCE:**
Identify the name and username of the person who captured this image.

Answers may vary.
- 3** **DATE:**
Identify when the image was captured. Please include the month, day, and year.

A journalist could further verify this by reaching out to the subject to confirm.
- 4** **LOCATION:**
Identify where this image was captured.

Students can verify this by looking at multiple news sources.
- 5** **MOTIVATION:**
List what you believe the source's motivations were behind capturing and sharing this image.

Answers may vary.
