## SCENARIO 2

Hiwot took photos of some of her friends acting silly and posted them on social media, with hashtags that could sound rude or mean, but were actually inside jokes with her friends. The next day, Nyawira, another friend, came up to her at school and said that she thought that the hashtags were really hurtful and kind of sexist (i.e. prejudice or discrimination based on sex, especially discrimination against women).

What if Nyawira started calling her a bully? How do you think being seen as a bully might affect Hiwot's reputation in the future?
